## About Kearney

Kearney & Company is a large CPA firm, founded in 1985, that provides audit and consulting services exclusively to the Federal Government. We rank 42nd among the top 100 CPA firms, as reported by Accounting Today. We are also the third largest CPA firm, as determined by sales under the GSA FABS Schedule – the primary GSA contract vehicle for procuring audit and accounting services for the Federal Government. With over 400 employees, the size of our firm rivals the size of the Federal audit and accounting practices of most of the multi-national firms. In addition, the Federal Government is our only client, which means providing Federal financial services is 100% of what we do. We have built a reputation for delivering quality services by helping our clients achieve their financial management goals.
