

DCS Corporation, 6909 Metro Park Dr, Alexandria,

Founded in 1977, DCS Corporation provides engineering, technical and management services to a variety of government customers. Combining DCS' ISO 9001:2008-certified management systems at all of its principal sites including our Alexandria, Virginia headquarters, and Lexington Park, Maryland, DCS focuses on harnessing the potential of its employees and technology to meet and exceed its customer's expectations. We focus on systems engineering; acquisition and program management support; test and evaluation support for air vehicles and avionics; ground combat vehicles and vetronics; air-launched weapons; shipboard systems; and ground and airborne sensors.

DCS has technical capability across a wide range of competencies including:

Cybersecurity	Software Engineering	Weapons Systems Test & Evaluation
Advanced Technology Development	Modeling & Simulation	Knowledge Management
Systems Engineering	Systems Integration	Acquisition & Program Management

DCS has a significant technical capability to support a wide range of platforms including:

Army Ground Combat Vehicles	Mission Planning System	Weapons, Armaments and Ordnance
Shipboard Systems	Avionics & Electronics Systems	Electro-optics systems
Aviation Systems - Fixed and Rotary Wing	Unmanned Systems	C4ISR Systems

DCS supports a wide customer base including:

Army Research Lab Human Research & Engineering Directorate	Night Vision & Electronic Sensors Directorate	Naval Research Lab (NRL)
Aviation and Missile Research, Development and Engineering Center	Tank and Automotive Research, Development and Engineering Center	Space & Naval Warfare Systems Command (SPAWAR)
Army Aviation & Missile Command	Marine Corps Systems Command (MARCORSYSCOM)	Naval Air Warfare Center Weapons Division (NAWCWD)
Edgewood Chemical and Biological Center	Naval Air Systems Command (NAVAIR)	Naval Sea Systems Command (NAVSEA)
Air Force Life Cycle Management Center (AFLCMC)	Air Force Research Laboratory (AFRL)	Air Force Test Center (AFTC)

DCS has security credentials including Secret facility clearances, and personnel cleared at all levels to include TS/SCI. We are a multiple awardee of the prestigious Cogswell Award for Industrial Security Excellence
