- Training + Technical Assistance

ICF's GSA OASIS Contract – One Acquisition Solution for Integrated Services

OASIS is GSA's contract solution for complex professional services requirements. GSA OASIS provides flexibility, speed, and access to a broad scope that includes program management, management consulting, logistics, engineering, financial, and scientific services, with IT as a supporting component.

With more than 45 years of experience, ICF successfully implements large, integrated professional service projects. ICF provides deep domain expertise, problem-solving capabilities, and a results-driven approach across the entire lifecycle of client programs, reaching a wide spectrum of market areas.

ICF Approach

Advise

We help analyze the challenges clients face and develop appropriate responses. Our advisory and management consulting services include needs and market assessments, policy analysis, strategy and concept development, change management strategy, and program design.

Execute

We execute and manage technological, organizational, and management solutions, often based on the results of our advisory services. Our services include project and program management, strategic communications, IT solutions, and training.

Innovate

We help clients increase the efficiency and effectiveness of their programs through program evaluation, performance management, benchmarking, return-on-investment analyses, and continuous innovation.

ICF's Multifaceted Approach

GSA OASIS Benefits – Speed, Flexibility, and Scope

GSA OASIS provides a single Federal Government-wide acquisition platform to support complex professional services requirements and both commercial and noncommercial professional services with streamlined task order procurements. Using OASIS speeds agencies from planning to project implementation, enabling customers to concentrate on agency missions rather than acquisition. Contract benefits include:

- Streamlined ordering procedures
- Flexibility in procurement approach and use of ODCs
- Broad, multi-disciplinary scope that can include IT
- Customer agency control of procurement and implementation
- Limited number of pre-approved contractors
- CONUS and OCONUS contracts at any clearance level

Using the GSA OASIS Contract

Customers: OASIS is available to all Federal Government civilian and defense agencies.

Period of Performance: September 3, 2014–September 2, 2024.

Celling: OASIS does not have a contract ceiling.

Task Order Types: Time & Materials, Fixed Price, and Cost Reimbursable

Pools: OASIS is organized into vendor pools by the primary National American Industry Classification System (NAICS) code. The multidisciplinary scope of OASIS is the same across all pools. The selected NAICS code for each task order determines the appropriate pool of vendors. ICF holds the OASIS contract in Pools 1 through 4:

- Pool 1—Consulting, Engineering, Program Management, Scientific, Environmental, Logistics, Human Resources, Marketing, and Other Services. Contract # GS00Q14OADU119
- Pool 2—Research and Development in Social Sciences; Accounting and Financial Services. Contract # GS00Q14OADU209
- Pool 3—Engineering for National Energy Policy Act, Military, Aerospace, and Marine and Naval. Contract # GS00Q14OADU319
- Pool 4—Research and Development in Physical and Life Sciences, Engineering, and Biotechnology. Contract # GS00Q14OADU417

More Information: For information on how to use the contract, delegated procurement authority, and additional details, contact oasis@gsa.gov or see www.gsa.gov/oasis.

About ICF International

ICF International (NASDAQ:ICFI) provides professional services and technology solutions that deliver beneficial impact in areas critical to the world's future. ICF is fluent in the language of change, whether driven by markets, technology, or policy. Since 1969, we have combined a passion for our work with deep industry expertise to tackle our clients' most important challenges. We partner with clients around the globe—advising, executing, innovating—to help them define and achieve success. Our more than 4,500 employees serve government and commercial clients from more than 70 offices worldwide. ICF's website is www.icfi.com.
