

Peerless Technologies Corporation

www.epeerless.com

Peerless Technologies Corporation is an award-winning, SBA-certified 8(a) Small Business offering diverse capabilities of Systems Engineering; Program Management; Information Technology; Cyber Defense; Medical and Human Performance; Intelligence, Surveillance, and Reconnaissance; Training and Training Systems; and Research and Development, Test and Evaluation. Serving federal government clients at multiple locations nationwide, Peerless, headquartered in Fairborn, Ohio, was established in 2000.

Peerless has an ISO 9001:2008 certified Quality Management System and is assessed at CMMI Level 3 to ensure technical performance and financial and contract management quality. We use a web-based infrastructure that supports our DCAA-compliant contract, financial, and human resource management processes.

Peerless owns its 17,300 square foot headquarters facility with six conference rooms and SCIF-ready space. About 30 percent of our 250 employees hold clearances—many at the Top Secret level and above. Our dedicated Facilities Security Officer oversees all facility and personnel security classifications.

Systems Engineering

- Architectural Design & System Baselineing
- Optical Electrical Engineering
- Systems Analysis & Performance Tradeoffs
- ANSI/ISO/IEEE Specification Compliance
- Technical Reviews
- Safety Engineering and R&M
- Environmental Engineering
- Logistics Engineering and Supportability
- System Re-Engineering
- Configuration Control and Audits

Program Management

- Program and Project Management
- Performance Metrics Development and Tracking
- Integrated Master Scheduling
- Policy Compliance and Life Cycle Planning
- Acquisition Planning (DoD 5000.1, 5000.2)
- Risk Management
- Financial, Accounting, Budgeting, & EVM
- Supportability, Logistics Engineering, and Manufacturing

Information Technology

- Systems Requirements and Design
- Systems and Software Engineering
- Service-Oriented Architecture (SOA) Design and Infrastructure Development
- Legacy System Migration to ERP Environment
- Database Administration
- Multi-Level Help Desk Support
- Application and Systems Programming
- Independent Validation & Verification (IV&V)

Cyber Defense

- Information Assurance
- Policy Planning and Documentation
- Network Security Monitoring and Analysis
- Security Operations Center Support
- Cyber Modeling, Simulation, and Threat Analysis
- Vulnerability Assessment and Penetration Testing
- DIACAP Certification and Accreditation

Medical & Human Performance

- Epidemiological Laboratory Support
- Medical Logistics Management
- Logistics Administration
- Public Health Liaison Support
- First Responder Disaster Response Management
- Operational Aerospace Medical Research
- Epidemiological Consulting
- Program Management of Large-Scale Labs

Intelligence, Surveillance, Reconnaissance

- Command and Control (C2)
- ISR Planning & Architecture Development
- C4I Support Plan (C4ISP) Development
- Sensors Technology and Layered Sensing
- Global Information Grid (GIG)
- MASINT
- Modeling and Simulation
- Sensors Integration

Training and Training Systems

- Curriculum Development, E-Learning, CBTs, International Training
- Instructional Systems Design (ISD)
- Systems Requirements and Design
- Trainer and Facilitator Support
- Training Help Desk
- Online, Classroom, and Distance Learning
- Organizational Change Management
- Training System Acquisition and Logistics Support
- Training System Repair, Upgrades, and Help Desk

Research & Development, Test & Evaluation

- Modeling and Simulation
- Systems Requirements and Design
- Operational Safety, Suitability, and Effectiveness
- Environment, Safety, and Occupational Health
- Risk Management
- Configuration & Transition Management
- Virtual Computing
- Information Dissemination
- Dynamic Visualization
- Dynamic Work Flow Management
- Developmental and Operational Test and Evaluation
- T&E Master Plan Development
- Test Program Sets (TPS)

GSA Contract Listing

- GS-23F-0089S, GSA FABS
- GS-35F-522BA, GSA IT-70
- GS-10F-0405X, GSA Professional Engineering Schedule (PES)
- GS-06F-1123Z, GSA 8(a) STARS II
- GS-02F-0096Y, GSA MOBIS
- OASIS Pools 3 and 6
 - 8(a) Award Eligible
- SeaPort Enhanced (SeaPort-e)

Customers

- Department of Defense
- Air Force Materiel Command
- National Air & Space Intelligence Center
- National Aeronautics and Space Administration (NASA)
- Department of Energy
- Environmental Protection Agency
