

Praxis—a wholly owned subsidiary of Technology Service Corporation (TSC), an employee-owned company—provides high-quality products and professional services to the defense and government marketplace. Our engineers, managers, and scientists solve complex problems in the areas of space systems, instrumentation, defense and intelligence, and information technology.

Core Capabilities

- Program planning and control
 - Plans and studies
 - Cost estimating and modeling
 - Program budgeting and scheduling
- Systems engineering
 - Concept definition
 - Requirements definition
 - System specifications
 - Reliability analysis
 - Product assurance
 - Configuration management
 - System safety
 - Independent validation and verification
- Engineering services
 - Mechanical and electrical engineering
 - Electrical power subsystems
 - Launch vehicle integration
 - Guidance, navigation, and control
 - RF subsystems
 - Mission planning
 - Software
- Integration and test
 - Environmental (MIL-STD-810)
 - EMI/EMC (MIL-STD-461)
 - Electrical Power (MIL-STD-704)
 - Reliability
 - Field Support
 - Test Planning
 - Requirements Traceability
- Software engineering
 - Requirements definition
 - Interpretation and design
 - Coding
 - Unit testing
 - Integrated testing and problem resolution
- Enterprise web applications
 - Design, development, hosting, and maintenance
 - Financial database design and business solutions
 - Web-based e-commerce
 - Project intranets/extranets
- Network administration and information technology support
 - Infrastructure
 - Computer system support
 - Acquisition and maintenance
- Technical documentation
- Graphics and multimedia

Company Overview

- Wholly-owned subsidiary of TSC since December 2011
- FY2014 Sales: \$25 million
- NAICS code 541712, Research and Development in the Physical, Engineering, and Life Sciences (except Biotechnology)
- 70 employees (82% cleared with 34% having TS/SCI issues)
- Key Management Personnel
 - Katrina Sorrell, GM/Director of Accounting and Finance
 - Laura Tomlinson, Director of Program and IT Services
 - Eric Vandersall, Director of Engineering Services
 - Steve Hershner, Director of R&D Services
- OASIS contract number: GS00Q14OADS428
 - OASIS email: OASIS@pxi.com
 - Phone number: 703.837.8400
 - OASIS Pool 4 Small Business
 - DUNS number: 93-994-4146
